

4E-CSM / 4E-CSM

The 4E-CSM is a Control Station Microphone (CSM) that serves as an interface tool to connect the control station software with 4EVAC equipment's such as Impact and Compact. It features a gooseneck microphone and an integrated USB hub that allows it to connect to a PC that runs 4EVAC control station software. 4E-CSM is communicated over local network (L-Net bus) with the 4EVAC main units.
