

FX-360 / Celiling mount movement detector

The FX-360 is a celiling mount PIR poviding 12m diameter detection range which is ideal to protect lobbies The FX- 360's sleek and compact design suits all types of installation applications. A key feature includes the hard spherical lens, designed with precision, providing reliable detection throughout its 360 degree area.

- Detection range 12 m in diameter when installed at the height of 3.6 m
- Mounted on the ceiling

SKU	8000037
Product series	FX

Technical data

Coverage	Diameter 12 m from the height of 3.6 m	Operating temperature	-20...+50 C
	PIR	Width (mm)	120
Operating voltage (VDC)	9-18	Length (Depth) (mm)	120
Operating current, normal (mA)	17	Net weight (kg)	0.16
Operating current, max (mA)	18	Colour	White
