

## EXTOUT-8 / Extout relay card

Relay card, which can be used to implement multiple controls. The outputs can be freely programmed. The card can be used in the Firescape and HHL systems.

- 8 relay outputs 1 A, 9-30 V
- RS-485 bus interface (DIL-128)
- Mounted on a rail

| Product series | HHL     |

## Technical data

|                                |                       |
|--------------------------------|-----------------------|
| Operating voltage (VDC)        | 8-40                  |
| Operating current, normal (mA) | 20                    |
| Operating current, max (mA)    | 270                   |
| Operating temperature          | +5 - +40°C            |
| Mounting method                | Din rail installation |

|                     |                   |
|---------------------|-------------------|
| Installation        | Mounted on a rail |
| Width (mm)          | 110               |
| Height (mm)         | 75                |
| Length (Depth) (mm) | 50                |
| Net weight (kg)     | 0.18              |
