

DRD-E / Conventional infrared flame detector

Excellent supplementary protection with a simple flame detector, which can be screwed onto a standard mounting base.

- A good additional detector for locations where the smoke detector has to be disconnected from use in certain situations.
- A conventional flame detector, which can be screwed onto a standard mounting base.
- Detection range up to 25 m
- Single IR technology
- The detection zone is a 90° cone
- Low-priced flame detector

SKU	8003226
Product series	Firescape

Technical data

Detector type	Flame detector	Height (mm)	37.3
Operating voltage (VDC)	15-30	Length (Depth) (mm)	0
Operating current, normal (mA)	40	Net weight (kg)	0.159
Width (mm)	100	Colour	White
