

VXS-AM / Outdoor motion detector with anti-masking

A passive infrared detector with anti-masking for outdoor installations. The detector is used outdoors in close vicinity of the buildings to sound an alarm as early as possible in the event of a break-in.

- Detection range 12 x 12 m
- anti-masking protection
- 2 x PIR sensors
- Mounting height 0.8 - 1.2 m
- IP55 casing

SKU	8004671
Product series	VXS

Technical data

Coverage	12 m 90 degrees	Mounting method	Surface mount
	2 x PIR	Installation	wall, pole
	yes	Width (mm)	70
Alarm output	NC / NO, 0.1 A 28 V DC	Height (mm)	199
Operating voltage (VDC)	9,5-18	Length (Depth) (mm)	82
Operating current, max (mA)	24	Net weight (kg)	0.54
Ingress protection (IP)	IP55	Colour	White
Operating temperature	-20 C ... + 60 C
