

RM132V8D04A0E / Agility 4 starter kit

The Agility 4 starter kit includes everything you need to protect a small space with a burglar alarm system.

- The starter kit includes a central unit with a 3G modem, a power supply, a battery, a remote control, a motion detector and a magnetic door contact.
- The system includes 3 zones, to each of which you can connect 32 detectors.
- Alarm transmission with the integrated 3G modem: Recording, SMS, Contact ID, SIA, SIA IP, Phone App
- Note! Unlike the picture shows, the kit includes a remote control and not a user panel.

Enclosure	Plastic
SKU	8005436
Product series	Agility

Technical data

Battery type	RT632	Operating temperature	-10 ... +50 C
User codes	32	Width (mm)	220
Battery capacity (Ah)	3.2	Height (mm)	269
Operating voltage (VAC)	230	Length (Depth) (mm)	64
Operating current, normal (mA)	50	Net weight (kg)	2.5
