

QXI-DT-X5 / Outdoor dual technology detector

The compact QXI-DT is suitable for protecting private, industrial and commercial properties. Implementation is flexible with high tolerance for interference and versatile mounting options.

- Detection range 12 m, 120 degrees
- PIR + MW sensor
- Anti-masking protection
- Mounting height 0.8 to 1.2 m or 2.2 - 2.7 m

SKU	8005837
Product series	QXI

Technical data

Coverage	12 m, 120 degrees	Ingress protection (IP)	IP54
	PIR + MW	Operating temperature	-40 ... +45 C
	Yes	Width (mm)	78
Alarm output	NC / NO, 0.1 A 28 V DC	Height (mm)	145
Operating voltage (VDC)	9.5 - 16	Length (Depth) (mm)	59
Operating current, max (mA)	30	Net weight (kg)	0.251
