

N-IO / Input and output control unit

Use this unit to monitor input data from the Neptolux address line in order to implement controls

- Use the I/O unit to connect activation buttons and phase monitoring units to the system
- 4 inputs
- For Nepto-3K systems

SKU	8006628
Product series	Neptolux

Technical data

Outputs	2	Impact protection (IK)	N/A
Inputs	4	Mounting method	Wall mount
Operating voltage (VDC)	20 - 40	Width (mm)	120
Operating voltage (VAC)	20 - 40	Height (mm)	66
Operating current, normal (mA)	1.3	Length (Depth) (mm)	32.5
Operating current, max (mA)	3.2	Net weight (kg)	0.16
Ingress protection (IP)	IP21	Colour	White
